CONTINUING
COMMITTEE**

chairman - THE RT HON PHILIP NOEL-BAKER

JUL 14 1970

July 10th 1970

Dear Professor Meselson,

We do hope that you will comment on the suggested initiative with regards to the Geneva Protocol, and also suggest any other useful activity we may undertake in this regard.

We would be grateful too, if you will suggest anyone from U.S.A., who could work in our Committee, as we do need an "opposite number" to Prof Baroyan!

Hoping that you and Mrs Meselson are well, and please do not come to Britain without letting us know. It would be so good to meet you both again.

Yours sincerely,

Margaret Curwen
