Cohasset
Massachusetts

Dear Lincoln,

I have written to Solly about the possibility of special student status for Charles Maclean. My secretary has arranged with the MIT Admissions Office that a special student application form be sent to Maclean care of Sir Solly at once. Can you alert the Admissions Committee to the possibility that they will receive an application from Maclean while you are away? For your information I also enclose a letter from Sir Solly with an appraisal of Maclean.

With warm regards.

Sincerely yours,

Matthew Meselson
