Dear Ambassador Jakobson,

I enclose for your possible interest a somewhat revised version of the paper "Legal Aspects of the Geneva Protocol" by R. R. Baxter and Thomas Buergenthal. This paper, along with three other papers on various aspects of chemical and biological warfare, especially as they relate to U. S. ratification of the Geneva Protocol, will be published this fall as a Carnegie Endowment study. I shall send the remaining three papers to you when they become available.

I also enclose an article of mine from Scientific ~~Magazine~~ Magazine.

I shall be away from Cambridge for the next five weeks. Some time in the early autumn I hope to have an opportunity to meet with you again and to continue our discussion of the problems of the control of chemical and biological weapons.

Sincerely yours,

Matthew Meselson
Professor of Biology
