A RAPPELER DANS VOTRE RÉPONSE

Dear Professor Meselson,

Permission was granted to us by the World Health Organization, in Geneva, to reproduce in our periodical "Problèmes Politiques et Sociaux" your most interesting article about chemical and biological warfare which appeared in the French edition of their magazine "Santé de l'Homme".

I am glad to send you, under separate cover, two copies of number 44 of "Problèmes Politiques et Sociaux" in which your article was reproduced in full. I also include two copies of number 27-28, published in July last, which contained official documentation on the matter.

Sincerely yours

Maurice LE NAN
