University of Helsinki
Unioninkatu 35, Helsinki 17
Finland

Dear Dr. Miettinen:

Looking through my records it seems that I have never answered your letter of November 25. I am very sorry for this oversight. Probably you have heard from Nemeč that I could not attend the SIPRI meeting in early January. Sometime ago Julien Robinson mentioned that the meeting might be substantially postponed. If it has been, I would try to come and would attempt to visit Helsinki as well.

With best regards.

Sincerely yours,

Matthew Meselson
