Dear Matt,

You will remember that at the last session of the Joint Arms Control Seminar you agreed to lead a discussion this coming semester on C/BW. I do hope you're still prepared to do this for us.

The dates for this semester's meetings are as follows:

Monday, Feb. 22

Monday, March 15

Monday, April 12

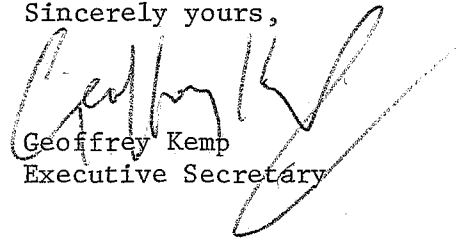

Monday, April 26

Monday, May 10

Paul Nitze will be speaking on Feb. 22, but at the moment all the other dates are free. Could you let me know as soon as possible a.) whether you can speak to us and b.) which (in order of preference) are the best dates for you? The Executive Committee felt that, while your particular interest in the uses of chemical warfare in Vietnam would provide an excellent topic for discussion, we would perhaps be even more interested in hearing your views on the political problems of lobbying for arms control.

I'll telephone you next week when I am back in the office to discuss this in more detail. Please let me have your initial response soonest.

Sincerely yours,

Geoffrey Kemp  
Executive Secretary
