Dear Professor Meselson:

Thank you for your letter of May 11, as well as for the statements on the Geneva Protocol recently presented to the United States Foreign Relations Committee by Mr. McGeorge Bundy and yourself. I have read them with great interest.

I also read the editorial from the Washington Post and sincerely hope that the United States will soon be able to ratify the Protocol.

I am enclosing herewith a copy of my statement before the CCD regarding the current negotiations on chemical and biological disarmament.

Thanking you again for your kind letter and enclosures, I remain,

Yours truly,
