Mr. William Hedlund
Office of Senator Hughes
NSOB 1327
U. S. Senate
Washington, D. C.

Dear Mr. Hedlund:

Following our telephone conversation last week I enclose several items concerning the control of chemical and biological weapons: an article from Scientific American, my testimony before the Senate Foreign Relations Committee on March 26, the April 1971 Sierra Club Bulletin, and the AAAS Herbicide Assessment Commission summary.

In addition I enclose the testimony of Mr. McGeorge Bundy before the recent Senate Foreign Relations Committee hearings on the 1925 Geneva Protocol.

It was a pleasure to speak with you on the telephone. Please let me know if I can be of any help.

Sincerely yours,

Matthew Meselson
Professor of Biology
