Brig. Gen. Douglas Kinnard (Ret.)
Department of Political Science
Princeton University
Princeton, New Jersey

Dear General Kinnard:

Here for your possible interest are three items on U. S. ratification of the Geneva Protocol and the status of riot control agents. I would greatly value your comments. Hoping that it is not too much of an imposition I will try to reach you by telephone in a week or two to talk about these matters.

Sincerely yours,

Matthew Meselson
Professor of Biology
