Professor Matthew Meselson,
Harvard University,
Biological Laboratories,
16 Divinity Avenue,
Cambridge, Mass.02138,
U.S.A.

Dear Matthew,

Thank you so much for the copy of your
piece in the Christian Science Monitor.

We are interested here in the fact that
the Russians and the U.S. have swung round in
general support of what was originally the British
resolution.

Kindest regards.

J. S. S.
