The Biological Laboratories,  
Harvard University,  
16 Divinity Avenue,  
Cambridge 38, Mass.,  
U. S. A.

Dear Matt,

Thank you very much for your letter and attachments. You are clearly not exaggerating when you say that progress is being made. I shall certainly seize the next opportunity offered to raise the matter in London.

The subject has not been raised with me in recent months, but that is no reason why I shouldn't take it up either with the Foreign Office or No. 10.

With very best wishes,

James  
Sey.
