

4 August 1971

Mr. Richard Lewis
Bulletin of Atomic Scientists
935 E. 60th Street
Chicago, Illinois 60637

Dear Mr. Lewis,

I am enclosing two items of importance concerning the problem of United States ratification of the 1925 Geneva Protocol. I understand the Bulletin is considering the publication of an article on the subject and thought the enclosed would be of considerable interest.

Sincerely yours,

Matthew Meselson
