Dear Nathan,

Thank you for the piece from the Boston Globe. The information I have gained about the people whom you mentioned to me is somewhat scanty, but as follows:-

Fifteen years ago Blackman was a consultant to our army authorities on defoliants - presumably in the period in which we were engaged in Malaya.

1956

~~Fried~~ of the Weed Research Station is in touch with our authorities but I do not believe was involved in the way Blackman was.

I can find out nothing about Richards.

J. M.
