Dear Matt,

Please take your time. I also appreciate your calling me attention to George Ignatieff's statement.

The British White Paper on Brutality of Forces in Northern Ireland made reference to the use of rubber bullets for terrorist control. One man had a ruptured colon as a result of being shot at very close range.

Say "hello" to your wife and daughter and to Max.

Sincerely,

Wendell H. Pigman  
Special Assistant to  
Senator Frank Church
