Dr. Philip Siekevitz  
Rockefeller University  
New York, New York 10021

Dear Philip,

Here is the Humphrey resolution on the Geneva Protocol, Senate Resolution 154. The Scientists' Committee may have an important effect by asking the principal presidential candidates in the Senate to join with Senator Humphrey in co-sponsoring Senate Resolution 154.

In order to learn whether Senator Humphrey would welcome co-sponsors, you should call Rick Gilmore in Senator Humphrey's office at (202) 225-3244.

Please let me know what happens.

Matthew Meselson
