George Berdes
House Committee on Foreign Affairs
U.S. House of Representatives
Washington, D.C.

Dear George,

For your information, here is a copy of the letter I sent to Dr. Novick. I spoke to him on the telephone today and found that he has corrected his erroneous impressions. They were based, I think, on some of the rather confusing press reports at the time of the Senate Hearings.

Sincerely yours,

Matthew Meselson
Professor of Biochemistry
