## United States Senate

COMMITTEE ON THE BUDGET  
WASHINGTON, D.C. 20510

August 13, 1976

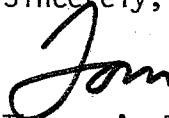

Professor Matthews Meselson  
Biology Lab 411  
Harvard University  
Cambridge, Massachusetts 02138

Dear Matt:

When we briefly spoke in late June, you mentioned you were organizing a conference on CBW at Harvard and inquired if I were interested. Unless this note is too late or your plans are such that the conference places are filled, I'd like to tell you again that I am very interested in participating. Please let me know the details.

With best wishes,

Sincerely,

Thomas A. Dine
