Dear Matt

14 December

Thanks for the invitation to the CW meeting in January. I am arranging to attend, probably as a consultant for WHO (who will pay for my trip) but in a dual capacity on behalf of Pugwash. We can discuss how I shall be listed according to how it will best serve the cause. When I return to Geneva in a few days I shall read the reply on the form received with the invitation, according to whether or not WHO wants me to go on their behalf. I shall probably report then at a CW meeting starting 31 January, spending the intervening week at Wistar. I'll arrive in Boston late afternoon of the 20th for a session with Dennis and will stay at the hotel near the A coding with the others.

The Executive Committee met over the week-end. Dennis and Ann Chappell were here and will no doubt brief you on it.

14 happy holidays and love to the family.

Matt

P. S. Julia is still sweating away at the background document for your meeting, trying to meet tomorrow's deadline.
