

Ambassador Hellmuth Roth

Professor Matthew Meselson
American Academy of Arts and Sciences
165 Allandale Street
Jamaica Plain Station, Massachusetts 02130

Dear Professor Meselson,

referring to our recent telephone conversation and my letter of December 6, 1976 I would like to communicate to you that my collaborator Dr. Otto Hauber would be prepared to participate in the Conference on Policies for Chemical Weapons and Chemical Arms Control. Mr. Hauber is head of section dealing with certain arms control matters in the Federal Foreign Office. He is also concerned with problems relating to a prohibition of chemical weapons.

Sincerely Yours,

A handwritten signature in dark ink, appearing to be 'H. Roth', written in a cursive style.
