Dear Bill:

This letter will confirm our invitation to participate in the Conference on Policies for Chemical Weapons and Chemical Arms Control to be held at the American Academy on January 21-22. We are most pleased that you will be joining us at that time.

I am enclosing a note describing the objectives of the Conference, a list of the members of the organizing committee, the provisional agenda, the list of participants, and a map showing the location of the American Academy. Under separate cover we are sending copies of two of the three papers prepared for the Conference; as you know, we are still awaiting receipt of General Meyer's paper.

I look forward to seeing you at the Conference.

Sincerely,

Matthew Meselson
