Mr. Paul Warnke
Clifford, Warnke, Glass, McIlwain, & Finney
815 Connecticut Avenue, N.W.
Washington, D.C. 20006

Dear Mr. Warnke:

I understand from your office that it will probably not be possible for you to participate in the Conference on Policies for Chemical Weapons and Chemical Arms Control to be held at the American Academy on January 21-22. We understand that it is a difficult time, but if by any chance it becomes possible for you to join us please let me know. In any case, I thought you might like to have the Conference materials we are distributing to the participants. These include the list of participants, the agenda, and the three papers prepared for the Conference, as follows:

"Should NATO Have Chemical Weapons? A Framework for Considering Policy Alternatives" by Julian Perry Robinson

"Preventing Chemical Warfare" by Robert Mikulak

"Defense Planning for Chemical Weapons" by Lt. Gen. E.C.Meyer

We hope that the discussion will make a useful contribution to the analysis of the policy options in this area, and we shall keep you informed and send you any materials which result from the Conference.

With best wishes,

Sincerely,

Matthew Meselson
