Dear Miss Flaherty,

thank you very much for your letter of February 18, 1977. It was kind of you to remind me of my promise to submit a comment on the Symposium on Policies for Chemical Weapons and Chemical Arms Control.

I have already begun work on this paper. Unfortunately, I had to interrupt since I am taking part in the next CCD Conference in Geneva shortly for which I am presently preparing.

I shall return from Geneva March 20, and will then complete my memorandum and send it on to you as soon as I possibly can.

I found the discussions extremely interesting and the entire atmosphere most pleasant. Thank you once again for your kind attention for making my stay in Boston so agreeable.

Please give my kind regards to Professor Meselson.

Sincerely,

*Hubert Feigl*
