Mr. and Mrs. Han Swyter
4600 South Four Mile Run Drive
Arlington, VA 22204

Dear Han and Jai,

Time out from swatting the radioactive ants to say hello and thanks for your note of last March. We will be in Cambridge most of the summer except for the next two weeks when we will be on St. Martin in the Caribbean. I have enjoyed getting to know Art Herrington at our conference on CW at the American Academy in January and subsequently at lunch. We just finished editing the conference proceedings and will send you a copy of the book when it becomes available,

With best wishes,

as ever,
