Dear Ms. Bendahmane,

Professor Meselson would like to know if the persons on the enclosed list have been sent copies of "Chemical Weapons and Chemical Arms Control."

Please check the names of those individuals to whom Carnegie has sent copies of the book. If there are people on the list who have not yet been sent a copy, let me know and Dr. Meselson will send them a copy personally.

Thank you for your attention to this matter.

Sincerely,

*Gianna Kramer*
