535 South Wilson Avenue
Pasadena, California 91106

Dear Matt,

After pulling teeth, I have been able to come up with the attached unclassified document which lays out Army spending for Chemical Warfare from fiscal 1970 through 1977. The total of this period for R & D, equipment, and O & M comes to \$435.9 million.

I hope this information is helpful.

With warm regards.

Sincerely,

Thomas A. Dine
