

THE SECRETARY OF DEFENSE

WASHINGTON, D.C. 20301

NOV 16 1979

Dr. Matthew Meselson
The Biological Laboratories
Harvard University
16 Divinity Avenue
Cambridge, MA 02138

Dear Matt,

This is in response to your recent letter regarding a review of your draft article on "Chemical Warfare and Chemical Arms Limitation." I have forwarded your article to Mr. Thomas R. Dashiell in my office for review. He is very knowledgeable on the subject, participates in our chemical backstopping group and will be in direct contact with you to arrange for forwarding of any comments or general discussions on the subject you may desire.

Sincerely,
