Mr. Joseph Wisnovsky
Scientific American
415 Madison Avenue
New York, NY 10017

Dear Mr. Wisnovsky,

Enclosed please find a copy of our 15 October (rev2) draft on which some deletions have been made and some revisions inserted. In order to simplify the identification of these changes, they have been inserted in italic type directly on a copy of the same draft last sent you in December.

Sincerely yours,

Matthew Meselson
Professor of Biochemistry
