Dear Mr. Weinsten,

Enclosed you will find the Israeli mask you so kindly lent me. I have a Canadian C3 mask and found the Israeli one more comfortable and easier to don. I would like to purchase one if I could. Incidentally, I did not break the seal on the charcoal canister, so it should be as good as new.

I want to thank you for your generosity. I've enjoyed talking with you on the phone and hope that sometime our paths may cross. For your interest I am also enclosing a copy of my article which will appear in next month's Scientific American.

Sincerely yours,

Matthew Meselson
Professor of Biochemistry
