Main Station  
Washington, D.C. 20013

Dear Dr. Hoptman,

Thank you for your kind invitation to attend the Symposium on April 10th and 11th. Unfortunately, due to my having a deadline on a lengthy manuscript shortly after those dates, I will not be able to attend. However, I would be pleased to attend another such symposium, should one take place in the future.

Sincerely yours,

Matthew Meselson  
Professor of Biochemistry
