Mr. Samuel Howard
Art Director
Scientific American
415 Madison Avenue
New York, NY 10017

Dear Mr. Howard,

Enclosed please find the population density map of West Germany to which I referred to in my letter to you of 14 March in connection with the illustrations for the foreign language editions of my article in the April ~~American~~ issue. I would be pleased to learn if you have been able to make any modifications in the map illustration.

Sincerely yours,

Matthew Meselson
Professor of Biochemistry
