Dear Matt:

I am very slow in thanking you for sending me the paper that you and Julian Robinson did for Scientific American on "Chemical Warfare and Chemical Disarmament." Let me now apologize and also say that I am very grateful to you for keeping me informed on this area in which you have done so much to make things less bad, and if at any time you see these matters at a point where I might be helpful in my very part-time work for the General Advisory Committee of the Arms Control and Disarmament Agency, I hope you will let me know, either directly or by a message through Paul Doty, who also labors in that somewhat tangled vineyard.

Sincerely,

McGeorge Bundy ✓
