Dear Dr Maselson:

Enclosed Please find documents resently declassified by the Joint Chiefs of Staff which relate to U.S. policy on CBW. Although these documents are almost 30 years old they are still very revealing in what they say of the evolution of U.S. policy.

I would be very interested in any thoughts that you may have concerning them.

Yours truly,

Edie Becker

Give me a call next time you come to Washington.

IT WAS CONTINGENT THAT

~~THE DOCUMENTS SEEM TO INDICATE THAT~~ CBW POLICY DURING THE KOREAN WAR WAS ^{TO BE} USED AT THE DISCRETION OF THE OPERATIONAL COMMANDER WHO HAS CONFIDENCE IN THE SUPERIOR ABILITY OF THE WEAPON CONCERNED TO CONTRIBUTE TO THE SUCCESS OF HIS MISSION. "
