AMIE HOEBER

8 December 1980

Dear Mat,

Thank you for sending me the New York Times letters. I have a number of arguments with the second letter (yours and Steven Myers), but am in the middle of so much here in Washington at the moment that I do not have time to reply in detail. Besides, there would be no point in replying unless it could get out somewhere.

However, it was not--repeat not--necessary to send me a copy of the U.S. News and World Report article. Do you think I did not have it?

My Best,

A handwritten signature in cursive script that reads "Amie".
