Since I probably will not be returning to San Francisco during the hiatus between February 27 and March 4, it is my hope that we could accomplish the two San Francisco depositions during the latter part of the week of February 16, 1981. Whether or not you will actually call Mr. Victor Haas, I would like to take his deposition in that he was a member of the committee which reviewed the circumstances surrounding Edward Nevin's death. I, of course, have sought in discovery such information for purposes of deposition. I will be happy to discuss the matter further with you. Please supply me as soon as possible with the names of your witnesses and your specialities who will be deposed in the course of the above travel schedule.

Very truly yours,

Edward J. Nevin
