Dear Dr. Meselson:

Enclosed are the materials which I promised you. We prefer that you keep the transcript for your own private use and that it not be circulated, copied or published--at least not in its present form. The documentary, now entitled "Rain of Terror", will be screened next week in Washington and in New York (for journalists). All new information in the film has been embargoed until Friday, December 18th, so I expect that you and I will want to compare notes on that date. In addition, I will send you a transcript of the actual broadcast as soon as they are ready. Thank you for your help and patience thus far.
