Dear Dr. Meselson:

I would very much appreciate receiving a copy of your statement before the Subcommittee on Strategic and Theater Nuclear Forces of the Senate Armed Services Committee on March 22, 1982. We are particularly interested because you are a member of the NAS and as you know the Academy is currently considering requests from the Army to perform studies in the chemical and biological warfare area.

Sincerely,

Alvin G. Lazen, Ph.D.
Executive Director
