Dear Matthew:

Just in case you haven't seen the enclosed review of A Higher Form of Killing that appeared last Sunday in the Washington Post Book World, here it is. I can't prove it in a court of law, but any reasonable person who knew the facts would say that the review came about because of your telephone call to Brigitte Weeks.

Good books need good friends. Thank you very much for all your help.

All the best,

Arthur W. Wang
