Canadian Consulate General

Consulat Général du Canada

500 Boylston Street
Boston, Massachusetts 02116

July 16, 1982

Dear Professor:

I understand that you have been in touch with our office to obtain information on a study which had been commissioned by the Department of External Affairs on the use of chemical agents in Southeast Asia. I am now pleased to enclose the said report, which was prepared by Dr. Schiefer of the University of Saskatchewan at the request of the Department of External Affairs and as well a copy of the press release that was issued at the time of its presentation. I hope that this documentation will prove of interest and use to you.

Yours sincerely,

A handwritten signature in dark ink, appearing to read "Jean-Marie Déry".

Jean-Marie Déry
