Dr. Samaniya Sukroongreung
c/o Dr. Tinrat Stitnimankarn
Faculty of Medical Technology
Siriraj Hospital
Bangkok, Thailand

Dear Dr. Samaniya Sukroongreung

I was most interested to read your excellent article in the Siriraj Hospital Gazette, volume 34 number 9. If you have any other written reports or descriptions of work on this problem done in Thailand may I trouble you to send me a copy? Also, we do not have the Siriraj Hospital Gazette here at Harvard University and therefore I do not have the third reference cited in your article, by Drs. Bovornkiti and Viranuvatti. I would be most grateful to receive a copy of this article if it would not be too much trouble for you to send it.

Sincerely,

Matthew Meselson
Thomas Dudley Cabot Professor
of the Natural Sciences
