Dr. Matthew Meselson
The Fairchild Biochemistry Building
7 Divinity Avenue
Cambridge, Massachusetts 02139

Dear Matt,

In follow-up to our discussions on yellow rain, I am enclosing some of my papers which may be helpful to you. I think you would benefit from talking to Ron Shank.

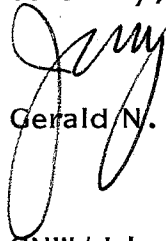

Dr. Ronald C. Shank
Department of Community &
Environmental Medicine
University of California, Irvine
Irvine, California 92717
(714) 833-5853

Also, I have learned that Thirayudh actually has an ongoing program regarding the detection of toxic fusaria in Thailand. He can be contacted at the following address:

Dr. T. Glinsukon (Thirayudh)
Department of Physiology
Faculty of Science
Mahidol University
Rama VI Road
Bangkok, Thailand

Best regards.

Sincerely,

Gerald N. Wogan
