Dear Matt:

An unclassified listing of biomedical and environmental samples from Southeast Asia is in preparation and I will send you those data as soon as I can.

I told the people at UVA (Charlottesville) that I had received a note from you to the effect that you would be willing to participate in a public "debate" about "yellow rain". I look forward to seeing you on that occasion and possibly when the new data listing comes in.

Sincerely,

M. Eimer
