Dear Professor Meselson:

The Bulletin staff suggested you as a possible reviewer for Herbicides in War (209 pp.) and Environmental Warfare (107 pp.) both edited by Arthur Westing. I hope you will consider doing so for us.

To help in your decision, I enclose some materials on the book(s). In addition, you should know that the Bulletin's reviews usually run 700-1000 words and we would hope to receive yours within about 2 months of your receipt of the book(s).

Please let me know as soon as possible whether you think you would be willing to review the book(s) for us. If you are unable to do so for some reason, please let me know whether you would be willing to review for us in the future. We would also appreciate any recommendations you might have of alternative reviewers.

Sincerely,

Len Ackland
Editor
