Dear Professor Meselson,

Thank you for sending me a copy of the Yellow Rain article to which you contributed in this month's Scientific American. I found it a stimulating and interesting treatment of the subject and have shown it to interested parties in the Ministry of Defence.

Unfortunately I have a very full diary ahead of me and I do not think I shall be able to meet you when you visit London in October. However I hope you will have a fruitful and pleasant stay.

Yours sincerely

Richard Norman
