Dear Professor Meselson,

Some months ago we met in Washington where you participated in a panel discussion on chemical weapons. In your contribution as also in your paper which was distributed at this occasion there is mention of an evaluation of the existing stocks of C-weapons. I would be most interested to have more material on these questions. I would therefore be very grateful if you could inform me about any references and further sources.

Thanking you in advance for your kind help, I remain

Sincerely yours,

(Prof. Dr. M. Bothe)
