Dear Matt,

Enclosed is some material that you might find amusing. As far as I know, it wasn't reported here. The CBS report, which apparently was not aired, was given to me by their correspondent in Managua last week, when I was there for some lectures. A rather nice comment about Vietnam by the American Embassy.

Best,

Noam Chomsky

Dear N

Thank you for the articles about possible
Chom. warfare in Cent. America. I have sent
copies to J. LeMay at Sussex U. who annually
publishes a summary of all such
allegations in a SIPRI yearbook
