Dr. Matthew Meselson  
Department of Biochemistry and Molecular Biology  
Harvard University  
Cambridge, MA 02138

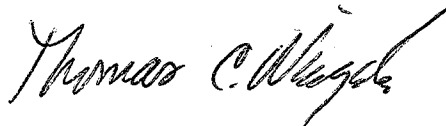

Dear Dr. Meselson:

Enclosed is a copy of a manuscript that has been submitted for possible publication in Politics and the Life Sciences. We would be most appreciative if you could review the paper and send us your comments on the enclosed forms.

For your convenience, I have enclosed a postage-paid reply card upon which to indicate whether or not you are willing to review this manuscript. If you are unable to review it and wish to suggest an alternate reviewer, please feel free to do so. If you agree to help, I would expect to receive your comments by June 10, 1986.

As you know, the journal publishes commentaries along with its articles, and I would like to ask you to suggest names of potential commentators should you feel that the paper is acceptable for publication. I hope that you can lend us your expertise.

Very truly yours,

Thomas C. Wiegele  
Editor
