Dear Mr. Luce,

I am sorry to have taken so long in replying to your note of February 16. The best available map of herbicide spraying in Vietnam is that included in Volume 1 of "The Effects of Herbicides in South Vietnam," Part A, 1974, U.S. National Academy of Sciences, 2101 Constitution Ave., Washington, D.C. 20418. The librarian there should be able to help you.

Sincerely yours,

Matthew Meselson
