Dear Matthew

At last! I felt more and more ashamed about you and your yellow rains. And suddenly came those news about the declaration by an English minister.

I had kept the paper written more than two years ago. So I used it, just shortening it. But I hope I kept the essential parts and I also hope you will like this article.

If you ever come to Paris, let me know. I will be in Ecuador next week

and on holiday in China, Tibet and  
Nepal from August 16 to September 15.  
Otherwise, I will be most of the time  
in Paris where it would be a pleasure  
to meet you again.

Sincerely yours

U Reberrol
