Prof. Matthew Meselson
Dept. of Biochemistry and Molecular Biology
Harvard University
Cambridge, MA 02138

July 3rd 1986

Dear Matthew,

It was a delight to see you in Israel and I'm glad you called.

Please find enclosed the articles that I copied. The reference on the Iranian document submitted to the U.N. is A/40/231.

The fellow I mentioned whom I am sure you would find worthwhile meeting is Tom Graham, who was formerly with ACDA on nuclear affairs, and is just finishing a Ph. D. at M.I.T. The telephone numbers I have for him are (617) 253-8090 or 253-3670. A very bright young guy, and extremely knowledgable on proliferation matters.

If you're interested in reading my book on nuclear proliferation etc., it's called *The Islamic Bomb: The Nuclear Threat to Israel and the Middle East*, published by Times Books, 1982, co-authored with Steve Weissman. Tom would surely have a copy if you don't find one. The story hasn't changed much since we wrote the book.

We're hoping to get the BBC chemical warfare film on the air in September, and thanks for your help and tips. Hope you had a marvelous time in Switzerland and France.

Best personal regards,

Herbert Krosney
