Dear Alex,

Thank you for your letter of June 18. I think I may not have sent you a copy of the enclosed memo "Incident at Ban Sa Tong" dealing with the Canadian work described on pp. 11-12 of the May 1986 issue of your magazine. The implication of the first sentence of that article and of the figure legend is certainly very different from the conclusions both you and I reached after reading the actual Canadian report. Therefore, should not NBC Defense & Technology publish something more accurate on the subject? For your possible interest I'm also sending the enclosed articles.

Sincerely,

Matthew Meselson
